

On Saturday, March 2nd, an update will be posted to all SpEd Forms sites. The update will include the changes listed below:

### **IEP**

1. An informational box indicating a new Federal Setting and its effective date has been added to the IEP Student Information page. This will not automatically update the Federal Setting and will still need to be changed manually. This is informational only.

### **MA Forms**

1. A checkbox has been added to the MA Setup screen as an indicator of whether or not an insurance denial has been received for a student.

2. In order to prevent issues with claims older than one year being submitted, a checkbox enforcing an optional default Service Start date of 1 year from the present day has been added. This can be disabled for each search by unchecking the checkbox.
